## Douglas Gets More Papers In Rosenberg Case

**By KARL R. BAUMAN**  
WASHINGTON (AP)—Supreme Court Justice William O. Douglas today received additional legal papers from attorneys striving to save Julius and Ethel Rosenberg from death in the electric chair. They are asking a stay of the execution set for Thursday night.

Lawyers for the Rosenbergs lost three separate moves in the Supreme Court yesterday but finally won permission from Justice Douglas to present to him what they called new arguments. Douglas told them to come to his chambers at 9 a. m. (EST) this morning.

Promptly on the hour, the counsellors showed up at the Supreme Court Building but an hour and a half later were still waiting outside Douglas' door.

**More Lawyers Show Up**  
But through the court's clerk, Attys. John F. Finerty of New York and Prof. Malcolm Sharp of the University of Chicago Law School, sent additional legal papers to Douglas.

Two other lawyers, Daniel G. Marshall of Los Angeles and Fyke Farmer of Nashville, Tenn., also showed up with an application for a writ of habeas corpus.

**Called "Interlopers"**  
The activities of Farmer and Marshall are opposed by the regular legal counsel for the Rosenbergs. They filed a similar application in New York, but it was denied yesterday by U. S. District Judge Irving R. Kaufman, who described them as "intruders and interlopers" in the case.

Kaufman is the judge who sentenced the Rosenbergs to death.

Marshall told reporters the habeas corpus action was filed in the name of Irwin Edelman of Los Angeles, who wrote a book about the Rosenbergs' case. He said Edelman does not know the Rosenbergs, but for legal purposes is described in the papers as "next friend."

## Deputy Warden Kills 2 Rioting Convicts In Santa Fe Prison; Guards Freed As Rebellion Ends

SANTA FE, N. M. (AP)—Convicts at New Mexico State Penitentiary thought Deputy Warden Ralph Tahash was too tough and so they rebelled yesterday, demanding his removal.

Tahash proved they were right. For 7 1/2 hours he had been held with 13 guards in the prison hospital by some 25 convicts armed with meat cleavers and homemade knives. State police swarmed outside, reluctant to make a move that would bring harm to the hostages.

Gov. Edwin L. Mechem, who had arrived shortly after the early-morning outbreak, had arranged a conference with convict ringleaders, but before it could be held prisoners in Cell Block 2 seized seven more guards who were bringing them lunch.

Then everything happened at once. One of the ringleaders in the hospital, Homer Lee Gossett, jerked a gas grenade from his pocket and tossed it at Tahash. He grabbed it and threw it back. The convicts retreated toward the rear of the hospital.

**Shot Two Rioters**  
Tahash saw his chance. He rushed to the window and got a revolver and carbine from state police outside.

Borough Council learned Monday night that it had advertised for bids for the wrong type of "sprayer" for use in mosquito elimination, so it voted to advertise for bids, to be opened at the regular council meeting on July 6.

Three bids received and opened Monday night were rejected and specifications will be drawn up for a dry fog type of sprayer instead of the wet mist sprayer for which bids were received.

Maj. Russell W. Gies, Media, Pa., sanitary engineer in the State Department of Health, who has had 41 years of experience with mosquito control and who has assisted the borough and the board of health on several other occasions, conferred with members of the Mosquito Control Committee here Friday.

Maj. Gies advised members of the committee that a "fogging machine," which uses fuel oil as well as insecticide, and burns the mixture before ejecting it, will give better results without leaving an objectionable deposit. Councilmen Mahlon P. Hartzell and Kenneth Johns told council.

**Leaves A Deposit**  
According to these committee members, Major Gies said the wet mist leaves a deposit on windows, houses, automobiles, washings, or anything it touches. It sometimes spots automobiles and affects colors, he said.

He declared the "fogging machine" burned the moisture out of the spray and that 30 inches from the nozzle there is no sediment which will spot or damage anything, the committee members reported. According to the sanitary engineer, 45 cents worth of material will spray three miles of streets or alleys.

"Major Gies made a special trip to Gettysburg when he learned we had advertised for a sprayer," Councilman Johns said. "I'd hate to see you waste your money," Johns said he commented.

**Can Save Money**  
None of the three bids opened Monday night was for the fog type of sprayer. Council had prices on the (Continued on Page 2)

## Finger Ridge Falls To Reds And Territory South Menaced

**By GEORGE MCARTHUR**  
SEOUL, Wednesday, June 17 (AP)—The big Chinese offensive overwhelmed Finger Ridge, western anchor of the flaming 50-mile front in Eastern Korea yesterday and rolled on south.

The weight of the drive, which had hurled back the South Koreans east of the Pukhan River, was shifted suddenly westward. Nearly 6,000 Chinese Reds hit Finger Ridge, scene of bitter fighting last fall. The ridge was lost by noon.

Then the Chinese surged on south toward the Kyoam Mountain complex.

The Communist onslaught was pressed against the ridge line despite a furious rain of bombs and flaming napalm from about 500 planes.

The Chinese, apparently bent on gaining vital heights before an armistice, drove into the teeth of Allied artillery and small arms fire. They appeared heedless of losses.

The South Koreans to the east along the Pukhan River had only just dug into new positions after being thrown back two miles by the 30,000-man Chinese offensive.

On their east flank, about 750 Chinese Reds drove South Koreans from seven positions near Christmas Hills.

Thus, with both their west and eastern flanks menaced, the new South Korean positions along the Pukhan may be untenable.

However, the Reds on the west from their new-west Finger Ridge positions faced formidable positions on Kyoam Mountain, which is the main anchor on the western edge of the fighting front.

**Imperial Allied Territory**  
Kyoam is a complex mountain just to the southwest of Finger Ridge. Its loss would imperil the valley behind and miles of Allied territory.

AP Correspondent Milo Farneti reported that South Korean troops now held about two-thirds of Kyoam Mountain.

Syngman Rhee, 78-year-old President of South Korea, made a flying two-hour visit to the blazing East-Central Front to confer with his embattled Army commanders. He was accompanied by Lt. Gen. Maxwell D. Taylor, U. S. Eighth Army commander.

## HIGH TRIBUNAL FREES BRIDGES BUT HE FACES ANOTHER FIGHT

WASHINGTON (AP)—Another long-drawn-out government fight to denaturalize and deport West Coast waterfront leader Harry Bridges was reported to be shaping up today, despite two more victories he has chalked up in the Supreme Court.

The high tribunal yesterday threw out a perjury conviction of the Australian-born Bridges and voided a pair of orders obtained by the Justice Department in San Francisco in 1950, looking to his exclusion from the U. S. The orders were based on alleged affiliation with the Communist party.

Their dismissal, on technical grounds, brought from Atty. Gen. Brownell's office only the comment that all aspects of the case were being studied.

However, official sources said the 15-year-old effort to oust the 51-year-old president of the International Longshoremen's and Warehousemen's Union from the country wasn't over.

Bridges' own comment, in San Francisco, indicated he expects more trouble in the courts.

"I'm very happy," he said, but added, "now we prepare for the sixth."

Officials indicated that a brand new set of proceedings will be instituted, starting with a civil action to strip Bridges of his acquired American citizenship. If this is successful, it would be followed up by another deportation action, these sources said.

It was conceded this endeavor might take years in view of the variety of appeals available in such actions.

The government was tripped up in the Supreme Court yesterday by the statute of limitations. The court held 4-3 that the Justice Department waited too long to obtain its 1949 indictment at San Francisco charging that Bridges got his citizenship in 1945 through perjury, by swearing he had never been a Communist.

**Three-Year Limit**  
The court said in effect that if the indictment was warranted, it should have been returned within three years after the alleged offenses.

The high court action had the effect of setting aside the five year sentence which the San Francisco District Court imposed on Bridges. It also cancelled the convictions of Henry Schmidt and J. R. Robertson, fellow-officials in the ILWO who were given two-year sentences on charges of conspiring to defraud the government by supporting Bridges' declarations at the naturalization hearing.

In addition, the Supreme Court set aside the action of the San Francisco court in taking away Bridges' naturalization in view of his perjury conviction.

Since the denaturalization order was hatched to the criminal indictment which the high court found to be defective, officials took the view that all of the pending litigation was washed up, thus making a fresh start necessary.

They noted, however, that there was nothing to prevent starting a new civil denaturalization proceeding based on alleged false statements, since the statute of limitations applies only to criminal cases.

It was pointed out that some of the attorney general's pending denaturalization and deportation proceedings against Communists and underworld figures, all civil in nature, statements of 20 or more years ago.

Miss Ruth Miller of York was maid of honor and only attendant of the bride. The bride's brother, Martin Fleming, was best man.

Following a reception at the home of the bride's parents, the couple left on a honeymoon trip to Florida via Ohio and Indiana.

## Council

latter, except Major Gies' estimate of "around \$1,800." It then became a question of whether council wanted to spend this much money for a mosquito sprayer.

"If it does what Major Gies says it will do, then it will save Gettysburg money," Councilman L. D. Shealer said. "Spraying twice with an airplane will cost us \$1,500. Major Gies estimated that we can spray Gettysburg with a fog machine for \$500 a season. The fog machine could pay for itself in a short time."

While specifications are being drawn up to advertise for bids for a fogging machine, Major Gies will be contacted in an effort to obtain a demonstration here. He told the committee that there are machines of this type in use at the Mechanicsburg depot and Middletown airport, and believed one of them might be brought here.

Should mosquitoes develop in large numbers before the borough can obtain a fogging machine, Borough Engineer LeRoy H. Winebrenner said he will lend the borough the mist sprayer from his farm to spray until the new machine arrives, should council later vote to buy one.

**Effective For 1,500 Feet**  
According to council members, Major Gies said experience had shown that the fog from this type of machine penetrates directly 200 feet or more and borne by the wind, will kill larvae in streams at a distance of more than 1,500 feet from the machine itself. He said it would not have to be taken to the banks of Rock Creek. Spraying from adjacent battlefield avenues, with a west wind, would kill larvae in the creek, he said.

Fogging machines are in use in numerous places besides Mechanicsburg and Middletown, Gies said. The navy uses them, he said; the municipal stadium in Philadelphia is sprayed with this type of machine before all games and other events in it, and at several universities it is used before games, commencement activities and in other ways.

The three bids received Monday night for the "wet mist" type of sprayer and rejected by council ranged from \$950 for a used machine to \$2,036. The bids were: Cameron Hoffman, Arendtsville, new sprayer, \$1,595, used, \$950; Wolff's Farm Supply, Gettysburg, \$2,036; Adams County Fruit Packing and Processing Co., Biglerville, \$1,527.47.

## YOUR HANDS TELL YOU MOST OF THE STORY

Your eyes tell you a lot about Lincoln. You see modern luxury expressed in the clean simplicity of trim, sculptured lines that reject the bulky pomp of yesterday.

Your ears tell you a lot, too. You hardly hear Lincoln's potent 205-horsepower engine—a championship combination of power, efficiency, and great performance.

But your hands tell you most of the per-

formance story. You feel Lincoln's power—the ease of power steering, the smooth response of power brakes and the made-to-order comfort of the 4-way power seat. With ball-joint front wheel suspension, your hands guide this car with astonishing ease.

Try a Lincoln steering wheel in your own hands. We're ready for your demonstration whenever you are!

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
FIFTY YEARS AGO

**Camping Party:** Thursday morning early a party of Gettysburg gentlemen will leave for Stonestifer's dam near Harney, where they will spend two weeks under canvas. The following constitute the party: Dr. Henry Stewart, St. John McClean, C. K. Gilbert, George E. Shields and Donald Swope.

**Local Miscellany:** The exercises of the ninety-fifth annual commencement of Mt. St. Mary's College, Emmitsburg, are being held this week.

A young Rural Mail carrier arrived at the home of Harry Fleming, the accommodating carrier of Route No. 6.

Lloyd Collins has awarded the contract for the painting of "Red Patch" to Bushman Brothers.

An agreement has been reached between the proprietors of the clothing and shoe stores of town to close their stores every evening, Saturday excepted, during the summer months. The dry goods men agreed upon early closing some time ago. The merchants and the clerks both need the slight recreation afforded by the closing of the stores at 6 o'clock. Nobody else works as long hours as they do. Nobody else gets less opportunity for healthful exercise while employed.

The people knowing that they have adopted this plan will make it a point to do their shopping during the day. Other towns have adopted this plan without any appreciable loss to any merchant and Gettysburg will be no exception.

**Will Be Instructor at Princeton:** William A. Kepner, son of James A. Kepner, of this place, a graduate of Franklin and Marshall College, and who recently returned from the Philippines, where he was engaged in teaching, was appointed to the Francis Hinton Maule Biological Fellowship at Princeton College.

Mr. Kepner is a brilliant young man and is to be congratulated on his accession to such an institution as Princeton.

Mr. Kepner is now in Germany where he is taking a course at Halle College.

**Unknown Woman Commits Suicide:** Great excitement was created Friday morning when news spread over town that an unknown lady, well dressed, aged about 50 years, had committed suicide at the home of J. F. Wisotzky, South Washington street, by severing an artery with a pen knife.

It was the woman's second attempt, she having taken a quantity of laudanum the day previous in the vestibule of the Episcopal church, and was in a dying condition when she was discovered by J. F. Wisotzky, who was passing by. A note close by said "Please send for Father Crotty, the Catholic priest."

Mr. Wisotzky sent for Dr. Stewart, while he hurried to Father Crotty's where another note was found in the hallway, bearing the following:

My mind is almost completely gone. Cannot sleep. Do not let the newspapers have this note. Do not look for any of my friends. They cannot help me. With this money give me a decent burial. I was raised a Catholic. You will find me near by.

A Woman.

With the note was found a sufficient amount of money for burial purposes.

Mr. Wisotzky procured a carriage and had the lady taken to his home where Dr. Stewart succeeded in reviving her.

Before retiring she requested to be called early so that she could take the 8:42 train for Washington. About 6:30 Mrs. Wisotzky went into the room, but the woman said that she felt so shaky that she would not leave until afternoon.

About 7 o'clock Mrs. Wisotzky again went into the room and noticed spots of blood on the sheet.

The attending physician gave a certificate of death by suicide. The funeral was held Saturday afternoon, with interment in the Catholic Cemetery.

## Just Folks

By EDGAR A. GUEST  
LIFE CYCLE

Life's a cycle. Children small  
Are slaves to grownups, one and all;  
Must eat (a phrase that I condemn)  
The foods we say are "good for them."

And just as soon as they've been  
fed,  
Against their will, are put to bed.

When done with training they  
will be  
More and more restriction free,  
Habits pleasant, habits bad,  
To their way of life they'll add;  
Stay up late; eat what they choose  
And what they don't like they'll refuse.

By and by, when getting old,  
"Give up smoking," they'll be told.  
No more pie or cake or bread,  
Nightly early go to bed,  
Told once more what joys to shun,  
Second childhood has begun.

## Today's Talk

By GEORGE MATTHEW ADAMS  
THE INTERESTS OF OTHERS

A good listener makes a good friend. A well-known man, who was a friend of mine, was asked by a prominent magazine to write an article on the most interesting person that he knew — and he wrote an article about himself!

There wasn't anything so strange about that act. Each of us does know more about ourself than we know about anyone else. That is one reason why we should be the more interested in others. We can learn much that is new, and we can improve our own lives by listening to others and getting their story. We can emulate the good and worthy in others without imitating them.

If we become interested in others, others will be interested in us. Even silence is influential. And there is something about a good listener that is always intriguing. We keep speculating as to what manner of human being he is anyway. A person's own interests are always uppermost in his mind. If we respect and understand that fact we are well on the road to his friendship.

There always comes a time when others want to learn something about us. We can afford to wait until that time arrives, for when it does there is an exchange of ideas, opinions and understanding. And, as the late H. T. Webster used to remark in his cartoons, such a time results "in a beautiful friendship."

It is a wonderful thing to have a collection of friends, and to communicate with them frequently. When I see a great group of birds flying high above me, I say to myself that I would like to have that number of friends and have the privilege of their nearness and collective love.

The interests of others often inspire our own. Many a person with a love of books has inspired others to that same love, and many an intellectual seed has been planted in our own mind by a good mental gardener! It pays to listen.

Tomorrow Mr. Adams will talk on the subject: "The Time Between."

## SENATE WANTS ACTION ON NEW PENAL MEASURE

HARRISBURG (AP) — The Senate called for action today on administration-backed legislation to transfer control of Pennsylvania's penal system to the Justice Department.

Sen. Rowland B. Mahany, Republican floor leader, said a package of 10 bills would be offered to the full Senate for a vote after presentation to the Senate GOP caucus.

The prison reorganization plan is based on recommendations of a special prison investigating committee named by Gov. John S. Fine after rioting at Western State Penitentiary and its Rockview Branch last January.

The committee, headed by retired Gen. Jacob L. Devers, found that the more compact Justice Department would be better able to handle the prisons than the Welfare Department. The latter also controls mental hospitals and a host of other institutions.

**Measures Not Debated**  
The Senate, ordering a two-day session for this week, last night advanced the prison reorganization bills without a word of debate.

With the House in recess until next week, the commonwealth's muddled tax picture was shunted into the background temporarily.

Chairman T. Newell Wood (R-Luzerne) said his Senate Finance committee won't take up consideration of individual taxes until the House sends over a complete tax program.

His committee is now in possession of House-passed legislation to continue a number of existing levies for another two years, including the 5 per cent corporate net income tax.

Wood squelched reports that the Senate was considering increasing the corporate net income tax to 6 per cent.

**Want House Action**  
"I want to say flatly that nothing will be done by the Finance Committee on taxes until the house sends over a complete tax program," he told a newsman. "I won't even call a meeting of the committee to consider such a proposal."

Meanwhile, Atty.-Gen. Robert E. Woodside threw his full support behind the prison reorganization program.

He estimated it would cost about \$200,000 more than the 17 millions estimated in the present biennium to operate the penal system in his department.

The additional money, he said, would be spent principally hiring psychologists and penologists to man a proposed classification system.

**Corrections Commissioner**  
The legislation calls for centralizing control of the prisons in a proposed Bureau of Corrections in the Justice Department. The bureau would be headed by a corrections commissioner.

Two classification centers would be established—one for Eastern Pennsylvania and the other for Western Pennsylvania—under the supervision of a deputy commissioner.

Another major plank in the plan would be to set up Graterford and Rockview as separate penitentiaries with their own wardens. At present, they are now branches of

## UNESCO SEEKS YANK DIRECTOR

PARIS (AP) — The Executive Council of UNESCO—the U. N. Educational, Scientific and Cultural Organization — today recommended the appointment of Dr. Luther Evans, U. S. librarian of Congress, as director general of the organization.

The appointment must be confirmed by the UNESCO General Conference here in July.

Dr. Evans, 50, was named to succeed Dr. Jaime Torres-Bodet who resigned last Nov. 22 after the organization's seventh annual conference voted to cut the budget for 1953 and 1954 from \$20,400,000 to 18 million dollars.

Torres-Bodet said the budget cut showed a lack of confidence by member nations in the organization.

Evans has been a U. S. delegate to UNESCO and participated in the meeting of the executive council until he flew to Washington two days ago.

### GAME AT BRUSHTOWN

Harney and Brushtown will meet this evening at 6:15 o'clock on the Brushtown diamond in a South Penn Baseball League game. The game was postponed from Sunday due to wet grounds.

Eastern and Western State Penitentiaries, respectively.

The Pennsylvania Institution for Defective Delinquents at Huntingdon would be converted into a fifth state penitentiary to relieve over-crowding at the present institutions.

Although not part of the present legislative package, the Devers committee also called for ultimate construction of a new institution to replace the present installation for defective delinquents at Huntingdon. Woodside said this may be built by the General State Authority.

Sen. Joseph J. Yosko (D-Northampton) demanded last night that the Senate also follow through with the Devers committee recommendations to restrict by law at 500 the population at each of the penitentiaries, establish training courses for prison guards and to have separate institutions for boys and girls at the Pennsylvania Industrial School at Morgantown.

the natural gaits of a horse, Dr. Wolff said. Wilson Clapsaddle was shown putting a western horse through the competitive actions for those events. John S. Rice was shown riding a Tennessee Walking Horse through its various gaits. The first "walking horse" was General Robert E. Lee's "Traveler," Dr. Wolff said.

### Lawyer Speaks

Roy Hammond urged members of the club to invite soldiers, who will parade here on July 4, to have dinner with them on that date and distributed forms by which the members can make application for them.

Vice President John Teeter introduced Attorney John MacPhail, who gave his classification talk as a member of the club.

"The law, like the medical profession, is a service and the attorney's office has no reason to exist except to serve the public," Attorney MacPhail said. "Like the medical profession, the law has a very rigid code of ethics and as a result of inability to advertise frequently sees distorted views of the

lawyer's profession promulgated without being able to defend itself against them.

"There is one great dissimilarity between the medical profession and the law. When a person gets a pain he knows he should go to a doctor. But there are no pains that remind a person he should go to an attorney. Many times when the pain comes—dispossession from home, loss of money, it is too late for an attorney to do anything effective about it. The attorney was needed in the beginning to draw up contracts or leases, or wills or render other advice.

### Aid For Indigent

"Many people feel they cannot afford to pay for the advice of an attorney. But no one has ever entered a lawyer's office here to seek advice and has been denied it because of inability to pay.

"To meet this thought on the part of many that lawyers are for the privileged few, many types of organization have been set up throughout the nation to help people who are not able to afford the services of an attorney.

"Locally a legal aid program has been set up for the indigent. S. M. Raffensperger and myself have been appointed as the legal aid com-

mittee of the county bar association. Our first job has been to notify the social agencies of the fact that we are available to help such people.

"In less than six months that the program has been in existence we have handled more than a dozen cases, including marital, adoption, tenant and similar cases. Under the plan Attorney Raffensperger and myself are to handle all cases as we see fit, with the privilege of calling upon any or all of the other attorneys if need be to work out the problems of those receiving the legal aid."

Fifty-nine attended the meeting, with Mares Sherman leading group singing and Dr. Smoke accompanying at the piano. President Richard E. Dreas presided.

## Yankees Ready To Write New Records In Two 4-Game Series With St. Louis And Detroit Tigers

By BEN PHLEGAR  
AP Sports Writer

They lead the lambs to slaughter at Yankee Stadium tonight.

The pore old St. Louis Browns, who can't rightly remember when victory column, come smack up against the powerful New York Yankees, winners of 18 straight.

One more victory and the Yankees will tie the American League winning-streak record which their 1947 club shares with the 1906 Chicago White Sox.

The Browns, who haven't won a game in two weeks, are well on their way to a few records of their own. They've dropped 14 straight, an all-time mark for St. Louis clubs, and are within six games of the American and major league losing record.

Just to make the record prospects even brighter for the Yankees who already have made a farce of the pennant race with a 10½ game lead, the Browns will stick around for three more games after tonight. Then Detroit, the only team with a poorer record than St. Louis, comes in for a four-game set.

Over in the National League, where they're doing their best to generate enough pennant excitement to cover both circuits, the Milwaukee Braves went home today six percentage points behind first-place Brooklyn. They came East two weeks ago approximately in the same spot.

The Braves lost a tough one last night, 3-2, to Pittsburgh in 10 innings. Relief pitcher Lew Burdette forced in the winning run when he hit Danny O'Connell with the bases loaded and one out.

The Giants salvaged the finale of a four-game stand with the St. Louis Cardinals, 3-2. Jim Hearn allowed six hits in going the distance against his former mates for the first time since he was sold to the Giants on waivers during the 1950 season.

The two National League games were the only ones played yesterday.

**First Win Since April 21**  
Pittsburgh took a two-run lead in the third inning when Frank Thomas doubled with the bases loaded. Milwaukee came back to square matters in the fourth on a walk, a pair of singles and an error after two were out.

Bob Friend, who hadn't won a game since April 21, went all the way for the Pirates.

The Giants' winning run came in the seventh when Whitey Lockman singled home Wes Westrum, who had walked and moved to second on a sacrifice. Joe Presko was the loser.

### Named School Coach

POTTSVILLE, Pa.—Samuel Crisafulli, assistant football coach at Washington, N. J., High School last year, yesterday was named football and basketball coach at Cass Township High School.

St. Louis Cardinal left fielder Stan Musial scores with a slide as Giants catcher Wes Westrum takes a late throw from pitcher Jim Hearn in sixth inning of game at Polo Grounds. Musial scored when Peanuts Lowrey tapped the ball down first base line. He was safe at first when Hearn threw to plate. Calling play is umpire Jocko Conlan. Watching is Ray Jablonski (11), next Card batter. Giants won game 3-2.

## YOUTH, 13, IS LEADING MIBS TOURNAMENT

ASBURY PARK, N. J. (P)—John Gaetano, a 13-year old mibs marksman from Throop, Pa., is leading the pack in total victories today as the 28th annual National Marbles Tournament enters its second round.

Gaetano won 13 games while losing only two in the opening day of shooting on 10-foot, cork-topped rings set up along the beachfront. His won-lost record was good enough to give him the lead in league 3 and a slight overall edge over the rest of the field of 44 knucklers.

The first day's competition also saw a girl, Ariene Riddett, 14, of Yonkers, N. Y., post a good score of 11-4. She is competing against five other girls in a separate league in what could lead to the championship under revised rules employed for the first time this year. Previously, the best a girl could do was to win the girl's title. They never before got to shoot against the boys in the finals.

**7 Leagues In Play**  
Seven leagues in all make up this year's competition. Each contestant plays up to 60 games, rotating opponents within his league, during the first four days. League leaders are matched in the semifinals Friday.

Charles Thompson of Graham, N. C., the Southern champion, drew a bye until the finals Saturday. He won a sectional contest at Greensboro, N. C.

The contest is co-sponsored by the Scripps-Howard Newspapers and the city of Asbury Park.

## READING DROPS BINGHAMTON

By The Associated Press  
Kerby Farrell of the Eastern League Reading Indians is one manager who can tell you batting practice pays off.

Farrell drilled his batsmen at an extra session yesterday, and last night the league-leading Indians pounded the Binghamton Triplets for 13 hits and a 10-4 victory. The loss dropped Binghamton to 2½ games behind.

Big Ben Cardoni pitched his second straight one-hitter as the Scranton Miners beat the Schenectady Blue Jays, 3-0, in the first game of a doubleheader. The visiting Jays won the nightcap, 7-2.

**Senators Split**  
The Albany Senators split a doubleheader with the Williamsport Athletics, winning the opener, 6-3, and losing the second game, 12-5. The Elmira Pioneers blanked the Wilkes-Barre Barons, 3-0, and lost the nightcap, 6-2.

At Reading, Jack Carmichael relieved Billy Joe Davidson in the first inning and finished with his third victory. Rocky Colovito and Rod Graber backed him up with home runs in the fifth inning.

Cardoni faced only 21 Blue Jays in the seven-inning opener, but his hopes for a no-hitter rode out to right field on Paul Farrell's single in the second. Schenectady's Tom Casagrande set the Miners down with five hits in the second game.

**YESTERDAY'S STARS**  
By The Associated Press  
Pitching—Bob Friend, Pittsburgh Pirates, limited Milwaukee to five hits in 10 innings in winning his second game of the season, the first since April 21. The score was 3-2.

Batting—Al Dark, New York Giants, collected three singles in four times up and drove in a run as the Giants defeated St. Louis, 3-2.

## York Springs Bows To Centerville 4-2

Centerville gained first place in the Bi-County Baseball League Monday evening by edging York Springs 4-2 on the Centerville diamond.

Al Beam bested George Murtoff in a hurlers' duel by permitting only four hits.

Lisburn was knocked out of first place in bowing to the Blue Raiders 4-2 while Mt. Pleasant and Plainfield battled to an eight-inning 3-3 deadlock.

Score by innings: r h e  
York Springs 1 1 0 0 0 0—2—4—1  
Centerville 1 1 0 1 0 2 x—4—3—3

## DEADLINE FOR PLAYER TRADES IN '53 PASSES

NEW YORK (P)—Starting today, the major league clubs will have to do with what they have until Sept. 1 when the stretch drive gets under way except for waiver deals.

There were few trades of importance before the deadline at midnight last night, but if any team was strengthened to any extent it was the Cleveland Indians, who bartered four of their operatives for four Detroit Tigers.

Art Houtteman, Joe Ginsberg, Owen Friend and Bill Wright all went to the Indians, while Ray Boone, Steve Gronke, Al Aber and Dick Weik joined the Tigers.

**Will Help Indians**  
This is bound to help the Indians, although it comes in the form of closing the barn door when the cow has disappeared. The cow in this case is the New York Yankees, who are 10½ games ahead of the Indians.

In Houtteman, the Indians get a fourth starting pitcher to go with Early Wynn, Bob Lemon and Mike Garcia. In Ginsberg, they received a left-handed hitting catcher and in Wright they obtained another left-handed pitcher.

Gronke and Boone probably will help the Tigers, but they certainly are not the answer to getting the Bengals out of last place.

**20 Changed In 4 Days**  
All told, 20 players changed major league uniforms in the past four days.

The Chicago White Sox should be stronger with the acquisition of double-no-hit Virgil Trucks and Bob Elliott from the St. Louis Browns, to whom they dealt Lou Kretlow and Darrell Johnson.

The St. Louis Cardinals will be strengthened by the addition of Sal Yvars from the Giants. They were in need of a high class second-string catcher to spell workhorse Del Rice. The Giants, who could use almost anything, took cash for Yvars.

**Yanks Get Miranda**  
The Redbirds also will present a better infield since they got Pete Gastigione from the Pittsburgh Pirates. He'll be used in a utility role.

Except for Willie Miranda, whom the Yanks bought from the St. Louis Browns, the other players involved in swaps are not figured to be much help to the participating clubs.

Not that they need help, but Miranda will be used to spell shortstop Phil Rizzuto for the Yanks.

Delaware Park's stakes program calls for a total of \$305,000 to be distributed for 14 feature events. This is the highest in the track's history. The meeting opens for 32 days on May 29.

## TEXAS OPPOSES MICHIGAN FOR BASEBALL TITLE

OMAHA (P)—The powerful Texas and Michigan teams battle here tonight for the National Collegiate Athletic Association baseball championship.

Texas shot into the finals against the Big 10 club with a 13-3 rout of Little Lafayette College of Easton, Pa., last night. The Wolverines were idle with a bye.

An eighth-inning explosion for eight runs assured the Texans of a chance for the title.

They teed off on tiring Ron Owen, lefthanded ace of the Lafayette mound staff, to overcome a 2-3 deficit in the seventh inning. Texas scored three times in that frame, then came back in the next to assure the victory with the big splurge.

Owen, seeking his third victory of the tournament, held the Longhorns in check until two were out in the seventh.

Then Texas starter Roland Jones, who had allowed only four hits, was lifted for pinch hitter Ronald Spradlin. Spradlin singled, the next man up walked and the following three hit safely.

**Owen Blasted Out**  
That was all for Owen. Bob Ketchel, his relief, was greeted by a three-run homer by Gene Oden. After a single, Texas' Paul Mohr smashed another over the right field wall before Ketchel could end the inning.

Texas took the lead in the seventh on a mixture of two Lafayette infield errors, a hit batsman and two singles. The first three runs came when Lafayette shortstop John Dixon dropped Tommy Snow's wind-carried pop fly. A single by Roy Kelly provided the leading run, and an error by second baseman Bill Vercelli on a ground ball gave the Longhorns another tally and a 5-3 lead.

A walk and singles by Jack Ketrick and Vercelli fashioned Lafayette a 2-0 lead in the first inning.

Travis Eckert's double, a single by Oden, a wild pitch and Mohr's single tied it up for Texas in the second before Lafayette took its temporary margin in the third with a double by Ketrick and two wild pitches.

In all, Texas collected 14 hits, 11 from Owen. The four off Jones were all that Lafayette could muster.

**LAST NIGHT'S FIGHTS**  
By The Associated Press

BROOKLYN—Armand Savio, 134, Montreal scored a technical knockout over Eddie Compo, 133½, New Haven, Conn., 5.

NEW ORLEANS—Ralph Dupas, 136½, New Orleans decisioned Harold Jones, 138½, Detroit, 8.

MIAMI, Fla.—Larry Mulica, 132½, Miami scored a technical knockout over Bobby Why, 131, Los Angeles, 7.

SAN FRANCISCO—Leonard Morrow, 197, Oakland, Calif., scored a technical knockout over Frank Buford, 217½, Oakland, 4.

**GIANTS SELL YVARS**  
NEW YORK (P)—The New York Giants announced Monday the sale of catcher Sal Yvars to the St. Louis Cardinals "for cash consideration beyond the waiver price."

The waiver price is \$10,000. There were no other players involved, the Giants said.

Murry Dickson established a major league record for home runs allowed by a pitcher in a season (39) in 1948. He was with the Cardinals then.

Moose vs. Texas Lunch, 7 p.m.  
The Glenn L. Bream Garage and Lentz Legion won their Softball League games Monday evening by identical scores of 12-6.

In the opening game the garage tabbed four runs in the first and second innings and led all the way by a comfortable margin to crush the Eagles. A total of 12 bases on balls off two Eagle hurlers greatly aided the winners. Bill Carter's pair of doubles for the garagemen were the only extra base hits of the game.

The Legion exploded for seven runs in the fourth to upset the VFW. Jack Ridinger pounded out a homerun with a runner aboard in the third and tripled in the fourth to drive over two more runners. Joe Hess was nipped at the plate when he attempted to circle the bases on a long drive into the parked autos in the sixth frame. Staub and Weaver each collected three hits for the Vets.

Only one game, the Moose vs. Texas Lunch, is listed for Wednesday evening when the first half of the season will be completed.

# MOSCOW NAMES AMBASSADOR TO YUGOSLAVIA

By ALEX SINGLETON  
BELGRADE, Yugoslavia (AP) — Moscow named an ambassador to Yugoslavia Monday for the first time since the Cominform split in 1948. Belgrade agreed to return the favor.

The Kremlin's choice for the diplomatic post here was Vasily E. Alexeyevich Valkov, one-time Soviet ambassador to the Netherlands. The name of the Belgrade appointee was not immediately made known.

The two countries never broke off diplomatic relations entirely, but maintained them on a formal and chilly basis through charges d'affaires. The new post contained potentialities for settling the five-year-old feud between the two countries, but President Tito declared in a speech yesterday:

"The exchange of ambassadors does not mean normalization of relations, and does not mean improvement of relations.

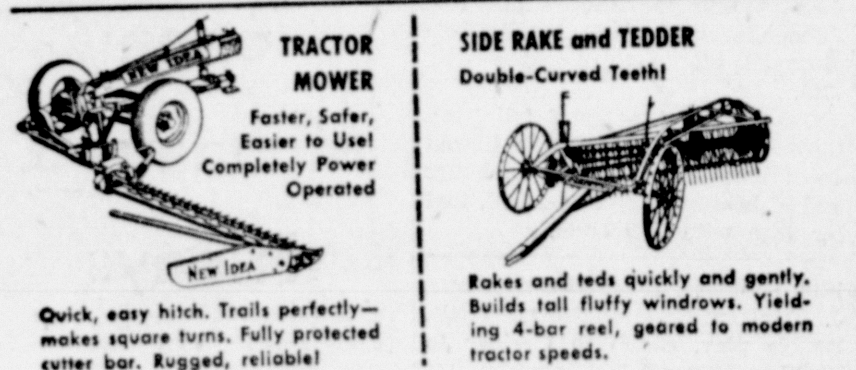

Can't Trust Reds

## Set Record For Milk Production

HARRISBURG (AP) — A new monthly record for milk production in Pennsylvania was established in May with the production of 592 million pounds, the State Agriculture Department said today.

Federal-state surveys showed that the production by 916,000 cows brought about a drop of 20 cents a hundred pounds in average prices received by farmers, the department said.

On May 15 farmers were getting \$4.40 a hundred pounds compared with \$4.60 on April 15 and \$4.90 on May 15, 1952.

The department pointed out that lower prices and lack of markets for the entire production was a reason for disposal of poorer milk cows in some areas.

The average price for milk cows was \$225 each, \$70 less than a year ago and the lowest since June, 1950.

Milk production for January through May was 2,548,000,000 pounds compared with 2,447,000,000 for the same months last year.

## Choice Of Pools For County Sheepgrowers

Adams County sheep raisers have a choice of two wool pools at which to sell the fleeces from their animals, Assistant County Agent Fred H. Attinger reported today.

At the pool being conducted by the Cumberland County Cooperative Wool Growers at the Pennsylvania Railroad Freight Station at Carlisle Thursday and Friday prices will range from a top of 60 cents down to 24 cents for tags. At the Franklin County Cooperative Wool pool at the Pennsylvania Railroad Freight Station at Chambersburg Wednesday, the prices will range from a top of 62 cents down to 23 1/2 cents. Prices are generally five or six cents a pound higher than last year, Attinger said.

the resumption of relations on a full basis as a change in Yugoslav policy toward the West. That, he declared, "is wrong."

"Those who say that hope to isolate us, or are well intended toward us but do not understand us. We do not change as the wind blows."

Valkov recently has been a key department head in the Soviet Foreign Office in Moscow with the rank of ambassador. From 1942 to 1945 he was counselor in the Soviet Embassy in London.

The Yugoslav Foreign Office declared Soviet Foreign Minister V. M. Molotov made the first bid for the exchange. He called the Yugoslav charge d'affaires in Moscow and made the proposal, an announcement said. The Soviet charge here was summoned today and told that Tito's government had approved Valkov's appointment.

# SAYS COMMERCE FUND CUT WILL SLASH STATIONS

WASHINGTON (AP) — Dr. F. W. Reichelderfer, chief of the U. S. Weather Bureau, has told Congress that some Weather Bureau stations will have to be closed down if there is any sharp cutback in funds.

Whether some or all of the bureau's 60 weather stations are closed, or trimmed in operating forces, Dr. Reichelderfer recently told a Senate committee, depends on what the lawmakers do with the bureau's money request for next year.

The extent of any curtailment apparently depends on how far the House is willing to go along with the Senate.

House Cut \$24 Million  
President Eisenhower asked for \$26,700,000 for salaries and expenses for the bureau during the year beginning July 1. The House in passing on the Commerce Department appropriations cut this to \$24,700,000.

But the Senate, after hearing Dr. Reichelderfer, raised the figure to 27 million dollars. The Senate committee said that amount should enable the bureau to operate all the weather stations.

Unless the house accepts the \$23,000,000 Senate increase, the difference must be ironed out in a conference committee.

Dr. Reichelderfer said the stations which might be subject to closing or curtailment of operations if funds were cut included one at Park Place, Pa.

## P. O. WILL ASK RATE INCREASE

WASHINGTON (AP) — Postmaster General Summerfield will ask for an increase in postal rates in an effort to wipe out a \$594,250,000 deficit facing the Post Office Department.

This was disclosed by Republican congressional leaders after their weekly conference Monday with President Eisenhower at the White House.

Summerfield sat in on the meeting.

House Speaker Martin (R-Mass) told reporters Summerfield hopes the rate increases, if Congress grants them, will go into effect next Oct. 1.

Martin said Summerfield probably would recommend an increase in virtually all rates from first class mail down. The request presumably will be for increase from three to four cents in the cost of mailing a first class letter.

Martin said a formal request for the rate increases probably will go to Congress some time this week.

Experts say that a good farm water system must deliver from 300 to 600 gallons a day.

## Recommend One TV Grant; Refuse Other

WASHINGTON (AP) — A Federal Communications Commission examiner Monday recommended a television station grant to Rossmoyne Corp. at Harrisburg, Pa., on Channel 27, and denial of a competing application of Kendrick Broadcasting Co. for the same channel.

The examiner, William G. Butter, said that Rossmoyne, now operating standard radio station WCMB at Harrisburg, is 100 per cent owned by residents of that city.

He noted that Kendrick, operating radio station WHGB in Harrisburg, is 50 per cent owned by Triangle Publications Inc., Philadelphia, publisher of the Philadelphia Inquirer.

Unless objection is filed, the examiner's recommendations would be made final by FCC in 40 days.

## NO BIDDERS FOR ROAD STANDS

HARRISBURG (AP) — The Pennsylvania Turnpike Commission today faced the possibility of having to go into the service station and restaurant business on the Delaware River extension of the toll road.

Million Dollars Each  
The commission recently asked for bids to build a trio of service station restaurants to be located on the 33-mile extension of the pike between King-of-Prussia and the Delaware River. There were none.

A spokesman said the commission has not decided what its next step will be. Among the alternatives is another call for bids or construction of the stations by the commission itself.

# DUFF SUPPORTS EISENHOWER ON TAXES, BUDGET

PHILADELPHIA (AP) — U. S. Sen. James H. Duff (R-Pa.) has voiced his approval of the Eisenhower administration's tax, foreign aid and budgetary programs.

Speaking of the tax program Sunday night he said elimination of the excess profits tax at this time without giving the individual taxpayer a break would be "political suicide."

"If the Republican party expects to retain control of Congress in the 1954 elections, it would be a fatal mistake to give business any preferred treatment in tax relief."

Receives Award  
Duff made his comments to more than 500 persons who attended the annual Deborah Sanatorium dinner. The senator was awarded the 1953 humanitarian award given annually by the Browns Mills.

The commission reported yesterday that mounting costs placed an estimate of one million dollars for construction of each of the three stations. Possible bidders were unenthusiastic.

When the original turnpike and its eastern and western extensions were built there was considerable competition for the concessions.

The Esso-Standard Oil Co. holds the concessions for the original road from Carlisle to Irwin, near Pittsburgh, and the Gulf Oil Co. has the concessions for the western and eastern extensions. All restaurants on the turnpike are operated by the Howard Johnson interests through arrangements with holders of the concessions.

## Philadelphia Cop Is Burned To Death

TOMS RIVER, N. J. (AP) — A Philadelphia policeman was burned to death Monday when fire swept through his week-end summer cottage on Barnegat Bay, nine miles south of here.

Ocean County Coroner J. J. Barwick said the body of John W. Miller, 55, was identified through a ring bearing his initials.

Cause of the fire was not immediately determined. State police said Miller spent his weekends alone in the cottage.

# RHEE OPPOSES REPORTERS OF ADVERSE NEWS

SEOUL (AP) — President Syngman Rhee warned Monday that he would not tolerate newsmen who spread accounts unfavorable to the Republic of Korea.

Rhee said in a statement: "There are some correspondents, both local and foreign, who are spreading accounts unfavorable to the Republic of Korea. Now that our country is facing a national crisis, we warn that we will not tolerate the activities of these correspondents should they continue to evoke international hostility and thereby precipitate our national crisis."

Rhee did not name any correspondents.

He said he had read news reports that American soldiers "caused injuries to our high school girls (during anti-truce demonstrations last week) with razor blades and committed other inhuman acts and I am extremely shocked."

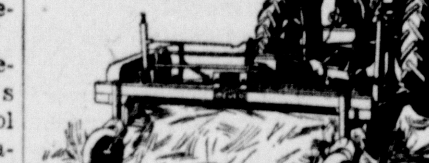

However, he continued: "No matter what they say about them, there are absolutely no Americans who attempt to commit such diabolic acts as to cut the arms of females. Should there be ones who have witnessed Americans perpetrate acts of this nature, they must present proof at the office of the secretary to the President."

"Even if these reports are true, news reporters and editors should be extremely careful in handling accounts of this nature. They should not be careless enough to have these accounts published."

He said any such incidents should be reported to the government for handling.

Rhee's statement did not mention any specific incident.

## Staff Officers Still At Work On Final Touches On Truce Plan

MUNSAN (AP)—Staff officers today drafted finishing touches for a truce agreement to halt nearly three years of bloody warfare in Korea, even as fresh Chinese regiments smashed into weakened Allied lines on the East-Central Front.

Only a line of demarcation to separate the two armies stood in the way of an armistice. But that line changed almost continually along a 40-mile front where U. S. and South Korean infantrymen battled perhaps 40,000 Reds.

No official word came from today's secret truce sessions, but the staff officers were believed to be nearing the end of their work.

**7,000 Women March**  
Seven thousand women paraded through Seoul under banners reading "Women—tighten your skirt belts and spring up! Give us death if not unification!" But there was

no resumption of the angry anti-truce demonstrations which flared through South Korea last week. The women protested the proposed use of Indian troops to guard prisoners who refuse repatriation. Some carried banners reading: "We will forcibly oppose landing of Indian troops." South Korean officials have called India pro-Communist.

The two groups of staff officers scheduled their ninth session for 11 a. m. Wednesday.

**Last Minute Work**  
One group of officers, reported working on details of exchanging prisoners, presumably is all but through, on the basis of a statement in Washington by Secretary of State John Foster Dulles that a demarcation line was the only remaining problem.

If the Communist offensive continues right up to the signing of a truce, officers drawing the line of contact would work right up to the last minute.

Top-level U. N. truce negotiators—minus the South Korean delegate who has boycotted the talks since May 25—waited at advance truce headquarters here. After they approve the armistice, top military commanders of both sides will be called in to sign it, ending the fighting which began on June 25, 1950.

U. S. District Judge George A. Welsh imposed the sentence on Joseph Kahring, 36, yesterday after a six minute trial without jury. A number of similar cases have been awaiting the disposition of this case.

## Worsham And Fazio Favored To Win Pennsylvania Open; 119 Pros, Amateurs In Meet

By BEN FRENCH  
HERSHEY, Pa. (AP)—Some 119 pros and amateurs teed off today in the 36-hole Pennsylvania Open Golf Tournament with veterans George Fazio and Lew Worsham labeled as co-favorites.

Prize money totaling \$2,300 lured a host of touring pros to include the one-day workout over the rolling 6,990-yard Hershey Country Club in their schedule. The course is one of the few par 73 courses in the state.

Fazio gained the co-favorite's role by tying for fourth-place money at last week end's National Open at Oakmont Country Club.

gestions "for the advancement of teaching home sewing."

Miss O'Friel, who has been teaching at St. Joseph College since last September, will receive a \$200 defense bond as her prize. She recently received a \$50 defense bond for being the outstanding entry in the contest in Maryland.

The grand prize winner who will receive a \$500 defense bond, is Miss Frances Tavonius, a home economist at the University of California at Los Angeles. The winners were announced today by Robert Phillips, contest director. More than 25,000 home economists from all quarters of the country were invited to participate in the contest.

Miss O'Friel, who formerly resided in Tenafly, N. J., has been interested in sewing since she was old enough to sit at a sewing machine. The youthful college instructor says that she makes many of her own clothes as well as many things for her friends and home.

She was graduated with a B.S. degree from Margaret Morrison College of Carnegie Institute of Technology, Pittsburgh, and received a master's degree from Cornell University. At Cornell, she served as student dean on the staff of the Dean of Women.

She holds memberships in the Phi Kappa Phi, the Pi Lambda Theta and the Omicron Nu Sororities. While at college she was also active in the Home Economics Club and the Newman Club.

Worsham, host pro at Oakmont, is the 11th ranking money-winner on the pro circuit and a recent winner of the Western Pennsylvania Open.

The large field will be cut after the first 18 holes with an 80 or less needed to qualify for the final round. Any tie for the \$1,000 first prize will be played tomorrow.

**Play In Threesome**  
Fazio and Worsham played in a threesome with Tom Jamison Jr., Greensburg, president of the Pennsylvania Golf Association, which sponsors the tourney.

George Griffin Jr. of the Green Valley Country Club won the tourney last year at St. David's near Philadelphia. He was among today's field.

Among the top amateurs bidding for prestige in the tournament were Jimmy McHale, Philadelphia, a member of the Walker Cup team; H. H. (Billy) Haverstick Jr., Lancaster, fourth-ranking amateur in the National Open; Bob Schoener Jr., Allentown, 1952 state Public Links champion; and Lynn Creason, Harrisburg, last year's Central Penn titlist.

Among the out-of-state pros entered were Ed (Porky) Oliver, Wilmington, Del.; Smiley Quick, Los Angeles, Calif.; Leo Beagetti, Baltimore; Bo Winninger, Oklahoma City, Okla.; Al Zimmerman, Portland, Ore.; Bob Imman, Tulsa, Okla.; and Pete Fleming, St. Andrews, Ill.

**State Pros**  
Prominent Pennsylvania pros teeing off were Johnny Bulla, Verona; Art Wall Jr., Pocono Manor; Rod Munday, York; and Henry Williams, Reading.

The country club course, one of four in this model community, is well-fortified with traps and water. The course record of 65 is shared by Henry Picard, Joe Turnesa and Jimmy Hines.

Ben Hogan, four-time winner of the National Open, was traveling pro for the club for nearly 10 years but could never break the record.

The course formally was a major stop on the touring pro circuit. There is talk of reviving the old \$15,000 Hershey Open next year.

## Accuse Mother Of Killing Daughter

GLASSBORO, N. J. (AP)—Police have charged a 31-year-old mother with beating her 13-year-old daughter to death because the mother thought the daughter took a candy bar from a store without paying for it.

Glassboro Police Chief Everett Watson said the murder charge had been lodged against Mrs. Odette Alston in the slaying of her daughter, Gertrude.

Watson said the woman told him the girl returned from an errand to a nearby store with the candy in her hand, but declined to say how she obtained it. Watson said Mrs. Alston struck the girl with a stick and when that broke, took a strap and struck the child again.

The police chief said the mother ordered the girl to her room and then two hours later checked to see why the girl was so quiet. She found the girl dead, Watson said.

## The jobs that come in cans

The American Can Company hasn't yet worked out a practical container for packing jobs and economic security. We make cans—we do no canning.

But, by making better cans, we have actually created job opportunities in many different fields.

All kinds of things—foods and beverages, paints and varnishes, tobacco and tennis balls—keep better, are more convenient and easier to use when they are packed in the right kind of container.

So, markets for these products expand. Thousands of new, well-paid jobs open up, and incomes climb.

In fact, whole new businesses have been able to get started because a suitable can was developed to hold a product. You probably know of manufacturing plants right in Pennsylvania that owe their existence to the industry.

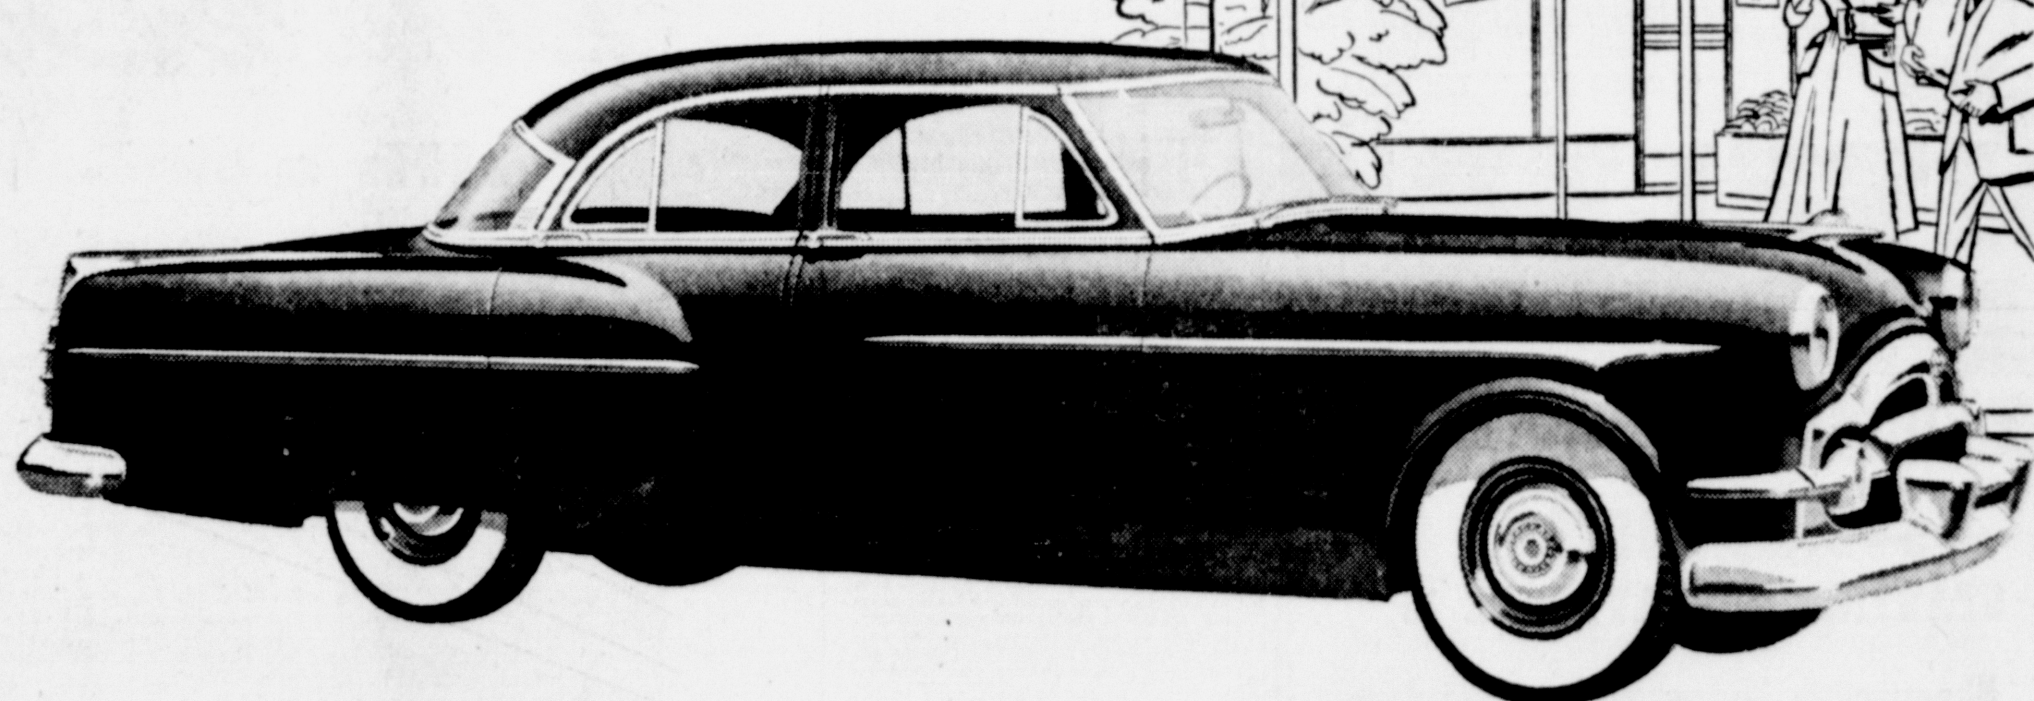

Creating new jobs is only one example of what America has accomplished in our free, competitive way of doing business. People working together, playing together and living together bring social and economic gains to all.

And such teamwork between our people and our business system promises greater prosperity and more jobs for our future.

## The New Packard CLIPPER

This great new medium-priced line is making the kind of news you like to read:

"a truly big car that even 'lowest-price' buyers find interesting."

If you've got a new car in mind, don't miss a demonstration in the medium-priced car that's made news all year—the new Packard CLIPPER.

Try the others, of course. We welcome comparison, because in the CLIPPER we've got values you'll find only in a car made by Packard, America's most experienced producer of fine cars.

### Have you overlooked this?

Maybe you're a confirmed "lowest-price" car buyer, but are beginning to wonder whether you couldn't use a little more automobile on today's crowded, high-speed highways. We'd especially like to have you see and drive the new CLIPPER.

For, if you'll think a minute, you'll realize that with a dolled-up "lowest-

priced" car you're really in the medium-price field anyway, or close to it. And you've still got, basically, a smaller, lighter car, with no chance of adding the BIG Important Three of today's driving: power steering, power braking and power shifting... all of which are available to CLIPPER owners.

### Every inch your big-car dream!

That 122-inch CLIPPER wheelbase and overall length of 213 inches is Big Car! Yet the CLIPPER is perfectly parkable in metered spots and tight spaces. And on the road it's a dream!

Power? Ever since you took your first jolts to your heart, you've heard that Packard engines are famous the world over for power and ruggedness.

Did you know that you can own a Packard CLIPPER 4-Door Sedan (Illustrated above)

FOR ONLY \$2,664.00

Delivered in Gettysburg  
\*Plus state and local taxes, if any. Optional equipment and white sidewall tires extra. Prices may vary slightly in nearby communities due to shipping charges.

Visit your Packard dealer soon and see for yourself why low- and medium-price buyers call the CLIPPER "the buy" of the year.

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars." Ask the man who owns one—today!

## "BOOK BURNING" SPEECH BY IKE CALLED "PITIFUL" BY M'CARRAN

WASHINGTON (AP)—Sen. McCarran (D-Nev.) today labeled as "a pitiful thing" President Eisenhower's speech advising a college graduating class not to "join the book burners."

"He showed no knowledge of his subject," McCarran told newsmen. "It's too bad a man in his position doesn't know more about it. Someone must have sold him a bill of goods."

McCarran is a member of the Senate internal security subcommittee which has been searching for Communist influences in schools and colleges.

### Advised Seniors

The President, in a commencement talk Sunday at Dartmouth College in Hanover, N. H., told graduates not to be "afraid to go to the library and read every book," and he asked: "How will we defeat communism, unless we know what it is?"

The President said even those with whom we disagree have a right to set down their views and "to have them in places where they are accessible to others." If these rights are questioned, Eisenhower said, "it is not America."

It was generally assumed that the President may have had in mind the demand by Sen. McCarthy (R-Wis.), acceded to by the

State Department, that books by known Communists and fellow travelers be removed from overseas information libraries which the department operates.

### Points To Missions

McCarthy, while he had no direct comment, raised a number of questions about "book burning" yesterday in questioning Dr. James B. Conant, U. S. high commissioner for Germany, at a Senate Appropriations Committee budget hearing.

Sen. Mundt (R-SD) said in a separate interview today it was "noteworthy that there are two things the President definitely did not say." Mundt is a member of McCarthy's Senate investigations committee, which has been looking into the overseas library program.

"He did not say that he felt it was a justifiable expenditure of taxpayers' money to put Communist books in tax-supported high schools, institutions of higher learning or on the shelves of our information libraries overseas," Mundt said.

### In Harvard Library

"He did not say that he felt Communists should be permitted to teach American children in tax-supported high schools or higher institutions of learning."

"What he appeared to refer to was a belief that there should be no governmental censorship which would prevent Americans from reading whatever volumes they desire to purchase for their own book shelves, or for the libraries of privately supported institutions of learning."

Dr. Conant, who was president of Harvard University until the Eisenhower administration tapped him for his present post, told McCarthy he would "certainly not"

## FAMOUS EDITOR PASSES AWAY

RICHMOND, Va. (AP)—Tributes poured in today for the late Douglas Southall Freeman, newspaper editor, historian and Pulitzer Prize-winning biographer. He died Saturday of a heart attack at his home here at the age of 67.

Freeman, who spotted in Gen. Dwight D. Eisenhower the qualities he thought the country needed, urged the general to heed the call for political service. Eisenhower said later that his friend Freeman had been "the first man in the United States who ever got me to thinking seriously about a possible political career."

Freeman was editor of the Richmond News-Leader for 34 years, from 1915 to his retirement in 1949. He won a Pulitzer Prize in 1935 for his four-volume biography of Gen. Robert E. Lee.

He was working on a biography of George Washington when he died. By last fall he had completed five volumes of the planned eight-volume work.

## RAPS EINSTEIN FOR RED ACTION

PHILADELPHIA (AP)—Former Sen. Herbert R. O'Connor of Maryland has accused Dr. Albert Einstein of "unwarranted interference" for advising American teachers to refuse to testify before a Senate committee probing possible Communist affiliations.

In a speech before the Pennsylvania Railroad's Holy Name Society here on Sunday, O'Connor called the noted scientist's advice an "indefensible incident" and "an insult" to the Senate Internal Security Committee.

The Maryland Democrat, former head of the Senate Crime Committee, listed Dr. Einstein's remark as one of three "disturbing developments" which warrant the attention of Americans.

The other two, he said, were the "desperate effort of British trade representatives to increase their dealing with Communist China," and an announcement from Burma, to the effect, that "it will assume leadership in seeking the admittance of Communist China to the United Nations."

## York Springs

YORK SPRINGS—The Latimore 4-H "Fun to Cook School" met this morning at 9 o'clock at the home of Esther Harbold.

The Ladies' Auxiliary of the York Springs Fire Company will be in charge of the food at the Lions Festival to be held June 19 and 20. The women will receive the profit from the sales. object to the presence in a college library of books by Communist authors. He said all the books cited by McCarthy are undoubtedly in the Harvard library.

## Deputy Warden

(Continued from Page 1)

Tahash — Adolfo Benendez — was also killed.

Gov. Mecham said one guard had been hit on the head with a base-

ball bat, two had cuts, one was gassed and another stabbed in the shoulder. None was in serious condition.

During the riot, the convicts said they wanted Tahash and six guards fired. They said Tahash, recently appointed deputy warden

and ordered to strengthen discipline at the prison, was "too tough." They also complained of the food.

The death of Gossett, known as a "Houdini" among convicts, came in the prison he once termed a "hick prison" which couldn't "hold

me." He was notorious for slipping out of handcuffs and other restraining devices. He escaped the chair early this year when a jury recommended his second life term for the slaying of prison guard Filemon Ortiz.

## MAY ASK BROAD FAR EASTERN POLICY ACCORD

WASHINGTON (AP)—Secretary of State Dulles has revived speculation that the Eisenhower administration may seek a broad Far Eastern settlement with the Communists following a Korean armistice.

The administration, Dulles told his news conference yesterday, has not definitely confirmed the stand taken last year by United Nations negotiators that the political conference now scheduled to open 90 days after the prospective truce should confine itself to strictly Korean questions.

President Eisenhower, the secretary noted, said in his April 16 address to the American Society of Newspaper Editors that "any armistice in Korea that merely released aggressive armies to attack elsewhere would be a fraud."

Dulles said that the primary purpose of the U. N. will be to assure the unification of Korea, as it has been over the past several years. He said South Korea will take part in the conference on the U. N. side and expressed belief that unification of Korea as well as Germany and Austria will come about, although he did not attempt to predict when.

That statement brought applause from congressional leaders, who, however, sounded a cautionary note against paying too high a price for an agreement with the Chinese Communists.

Chairman H. Alexander Smith (R-N.J.) of a Senate foreign relations Far Eastern subcommittee said he thinks Congress will stand firmly behind Dulles on a demand that Korea be united.

Smith added, in an interview, he fears it is going to be extremely difficult to get the Communists to agree on a free election to unite Korea without agreeing to give the Chinese Communist government the U. N. Security Council seat now occupied by the Nationalists.

Smith said, "That would be an impossible price for us to pay."

### 3 Cars Involved In Sunday Accident

Damage amounted to \$1,110 when three cars collided on N. Washington St., near the Chambersburg St. intersection at 1:45 o'clock Sunday morning.

Borough police reported that Theodore McKenrick, 217 Steinwehr Ave., halted his car for the red blinker light at the intersection. Walter Scott Mountain Jr., W. Broadway, stopped his car behind the McKenrick vehicle. Mrs. C. W. Crouse, Gettysburg R. 1, driving a jeep, failed to stop in time and smashed into the rear of the Mountain car, causing it in turn to strike the McKenrick vehicle, police said.

Damage to the Crouse jeep was estimated at \$800, to the Mountain car at \$300 and the McKenrick car at \$10. Investigation is being continued.
